MINEO STONE WITH SOLIDSMOOTH FINISH

// INNOVATIVE AND ATTRACTIVE

Our 430 und 440 Mineo Stone product series upgrade any bathroom with a modern, ageless look: they pair the puristic aesthetics of natural stone with the benefits of a high-grade, easy-to-clean material.

The acrylic stone is cast without seams and pores and therefore dirt repellent, water and shock proof. The innovative SolidSmooth finish makes it one of the most attractive materials to be used in the bathroom.

SERIES 430 / 440

ALL BENEFITS AT A GLANCE:

- **elegant** – seamless design as made of one piece
- **durable** – thanks to shock and scratch proof, hard-wearing surface
- **solid** – yet lighter than natural stone
- **easy to clean** – with common household cleaners
- **hygienic** – thanks to poreless and seamless surface

**AS MADE OF ONE PIECE –

BLACK & WHITE – REDUCTION TO THE ESSENTIAL

Thanks to their minimalist beauty our Mineo Stone washbasins perfectly blend into any bathroom interior. The smooth, poreless surface – in either Black or White – offer most attractive combinations with mixer taps in both Matt Black and classic Chrome.

A PERFECT SYMBIOSIS

AGELESS BEAUTY MEETS UNCOMPROMISING FUNCTIONALITY

Black or white, curved or angular – with our attractive new Mineo Stone countertop washbasins you are really spoilt for choice.

Yet regardless of what it finally will be – all of our washbasins have the same quite compelling functional features in common: solid and durable as well as easy to clean and hygienic.
